

# ROUGH, TOUGH AND READY FOR ACTION

## Academy of Western Artists Youth Organization

Please join us in an exciting new association for youth involved in the western performing arts! The purpose of this educational endeavor is to provide young artists with mentors and give them opportunities to grow with guidance. We all have the legacy of the Cowboy to pass down and we need to keep our heritage and dreams alive! We need to uphold the cowboy code and ethics in a place of honor for the future. Please join us in our network and keep the COWBOY in all of us ALIVE!

The association will include accountability, hard work, commitment and passion for the future. We are looking for members, sponsors, volunteers, grants and opportunities to help young people continue to learn and share our Western Heritage.
